

This book is created as a lingual and visual basis for meditation. The word "God" has a very high frequency, if you see, speak or think it. But please be conscious of the fact, that the word "God" is not God himself or herself. How could a single piece be the ALL, the ABSOLUTE, the ONE himself and herself? It's a word, a sign, a symbol that points in the direction of the nameless ONE that no human being can imagine in its whole universal totality. In this book the pictographs of the word "God" are made of simple forms and colors that don't want to illustrate an image of God. Watching the pictures of this book might disclose a moment and a space for you to meditate and to recall the word "God" (which is connected with the presence of God) in your mind, when you need help or inner peace in your daily life or even in situations of fear or the need for protection. Use this powerful word "God" (that symbolizes the infinity of our nameless und formless creator) when feeling thankful, when feeling happy, as well as in those moments you are feeling afraid, depressed or attacked by negative energies. The frequency of this word as the frequency of the word "Jesus Christ" is hard to stand by negative beings. Repeat it, until the negative or dark energy has vanished. No dark or negative being or energy can stand that too long. They have to disappear, in the name of God. Repeating the word "God" activates the love and courage in your heart, where God lives anyway, whether you are conscious of it or not. God is love and light. God is ALL. And even the darkness consists of light in its lowest vibration. Black absorbs light because it has such a low frequency, that it is thirsting for the higher vibrations. Please keep also in mind, that the vibration of the word "God" is connected with the almighty by the will of the almighty, if you truly mean the almighty, when you use it. And also keep in mind, that you can breathe this vibration into your heart and activate the spark of God, that exists as pure mind "pure ghost" inside your heart. Realizing that God's eternal spark is always there inside you, waiting to be released and unfolded and developed, you might appreciate this picture-book just as a reminder of this. The book just tells you: It's already inside your heart. What you see outside yourself as a picture of a word (which is just a pointer), lives actually inside of yourself. God surrounds you, as well as God lives inside you, often fully or partly undiscovered by your consciousness. Remember that you live in God and God lives in you. God is inside you and around you, because there is nothing else but God. You are part of the ALL. The 108 simple artworks of the word "God" in this book want to encourage your faith and your believe and your knowledge, that you are a child of God, who is our creator. God is the divine father and he is the divine mother und he is the divine son and he is the divine daughter. God is love and wisdom. Breathe in the pictures with your eyes and breathe in the love of God that is anytime around you. Breathe and live in the power of God, who loves everyone, and who is everyone and everything. God is eternal und God is ALL. This book is just another sign that helps you to remember what you, and what the soul, you truly are, already knew before. You might just have forgotten it for a while. Every time you awake from your sweet sleep you become conscious that we are not separated from the ALL, that we are one with God. May the illusion of being separated vanish by watching und stepping further into every picture of this "Book of God".
