

This workbook helps students reinforce their knowledge of money and improve their computation skills. Each activity emphasizes an important money concept - understanding of coin value, counting by ones, fives, tens, and twenty-fives, and using money signs. Students will learn adding coins, matching sets of equal value, and completing the coloring and puzzle activities on the fully illustrated pages. Includes lessons on pennies, nickels, dimes, quarters, half-dollars, dollar coins, and one dollar bills. Great for whole-class instruction, small-group practice, learning center activities, and individual help. Reproducible.

```
