

Never was there a more important moment for inter-religious engagement, yet never did it feel more difficult. But with this book in one hand and a freshly cooked chapati in the other, the first steps will seem possible! Divided into six short study chapters and interspersed with recipes, questions, reflections, stories and lots of practical suggestions, Eating Curry for Heavens Sake is an invaluable resource for Christians of any age, either as individuals or in a group. It encourages honest and open dialogue, challenges us to name our fears, and prompts even the most rural church communities to engage. As Barbara Glasson says, There's no such thing as an expert, but no excuse for ignorance. Suitable for house groups, youth gatherings, student discussions or focused engagement during Lent or Advent, this book will help ordinary Christians to become more confident and resilient. It names what's unpalatable but also relishes the rich diet of multiculturalism. So, let's Eat Curry for Heavens Sake!
