

In today's economy, being money savvy is a necessity. For most American households cutting back on the things they love has become harder and harder to bear. But there are ways to get what you want at a fraction of the cost--if not free. With this book, extreme couponing expert Joni Meyer-Crothers (freetastesgood.com) explains precisely how she has managed to save thousands by clipping coupons, using them wisely and never paying full retail price for any product. She reveals what basic items you should never pay for (toothpaste, toothbrushes, razors, pasta, etc.), and teaches readers techniques to obtain coupons that do not cost a penny and turn them around to save big on groceries, cleaning items, hygienic supplies, and many other household products. Learn the basics of couponing, maximizing your savings, and thinking outside of the box when it comes to how you shop. With Extreme Couponing, there's no reason to pay full price for the things you need in life.
