

Hello Reader Ref: HandShaker My "sexy" metaphor evolved from the zodiac signs. For instance each sign corresponds to a specific part of the human body. Starting with "Aries" and the head through "Scorpio" and the sex organs and ending with "Pisces" and the feet. Its those "Scorpio"s that need a further mention. In turn my "sexy" metaphor makes the short stories totally unique. As you should know metaphors can be such boring stuff. So as the take away the sheer boredom Ive written the stories in the most exciting way possible. Theyve been written as films to make them a more entertaining read indeed. Such material is most suited to teenagers in a classroom setting. It may also be useful to teachers, parents and counsellors. Moreover the writers unique in that he suffers from Asperger syndrome which turns ones English into a second language if not a third being Indian. What you lose in one way you gain in another one. Hence the short films have an unimaginable story line. The book comes in two parts. The first part contains a brief introduction to the "sexy" metaphor. The other part contains several sexy short stories/films putting the metaphor into practice/action. Finally many of the scenes in the story are from "MrK.Singh"s personal experiences in life. However some of the outlandish ones are dream scenes for entertainment purposes only. By the way theyre real dreams! For instance hes got an allergy to all things coloured. Thats developed into a fetish for all things "whyte" including food, clothes and art decor as well as living in a "whyte" clad house. That really puts "Boss-Hogg" from the "Dukes-of-Hazard" to shame. He stopped short when it came to white foods. Thats one of mans greatest weaknesses. I bet hes turning in his grave right now! The colour "white" is most therapeutic. His mummy always used to tuck him in bed at night in a "whyte" strait-jacket for his safety. He sounds like a right nut or "knut." The biggest nut around is a coconut. In his case its a "ko-ko-knut" or a "kkk." Thats not be confused with the "KKK" which is spelt in capitals. So to avoid any confusion its best to refer him as a "3k" instead. Incidentally a "co-co-nut" is a person whos brown on the outside and white on the inside. Basically theyre more white than a typical white person putting them to shame. Apart from his strange fetish hes also developed a great talent. Hes quiet accident prone always injuring his extremities. So he likes to "Cover-Up" in a lab-coat and hat. In his eyes your practically naked bearing your knees-and-elbows. Thats developed into the ability to read ones "knees&elbows" just like a palmist reading ones hand. Hence he also likes wearing gloves too. So its best if you "Cover-Up" otherwise he will come out with the exact number of partners as well as the number of STI too. How embarrassing! To get his message across hes gone and knocked up a "Covering-Up" campaign. By the way hes got the physique of the "Green-Cross-Man" (ie "Darth-Vader" or should that be "Whyte-Vader" in his case! [vader=father]) with huge shades.
