

New author Mike Smith hits the ground running with this engaging book on the topic of leadership. Having spent a lifetime in education, Smith has his own particular views on what leadership means and what it looks like. Smith provides a wonderful and oddly interesting blend of lessons on leadership that tie into readings from The Bible with an extra kicker of Cowboy Logic that wraps up each section. The mix of these three approaches is a refreshing change from the traditional textbook and case-study type of most leadership books. If you are looking for an enjoyable, practical, and useful book on leadership, you have come to right place.
