

Credit has virtually replaced cash in the American economy. Everything from home to clothing is acquired through some form of credit. The vast credit network affects everyone's income, purchasing power and personal reputation. Do you, as a consumer, know how to use this credit to your advantage? In *Its Your Money*, Adam Starchild tells you how you can make credit a tool, not a threat, and avoid the pitfalls into which so many fall. In *Its Your Money*, he shares his expertise, in everyday language, to show you how to get the best credit buy for your money. You will learn: What you should know when shopping for a loan. The advantages and disadvantages of credit cards. How the Truth in Lending Act affects you. What your rights are regarding your credit file. How to learn what information is in your investigative file. How you can be protected from incorrect billing. How to decide whether to lease or buy. How to apply for credit. What government agencies will help you with a consumer credit problem. Credit is not a free gift that generous institutions hand out, but a commodity that you buy. This book will help you make the wisest purchase.

SEVEN NOVELS. LIZA OF LAMBETH ,THE MAKING OF A SAINT, THE HERO, MRS.
