

This book is a condensed version of the book DREAMING PLACE, containing all charts but omitting extra information. Want to have some fun? Kick-start your personal psychic development program by recording your dreams! Dream is psychic experience, happening in the simultaneous time frame. Bring that experience back with you to wake-time, and you can meld waketime and dreamtime. Result: lucid dreaming and synchronistic psychic experience in daily life! But dreams are often not about what they seem to be, and dream symbol books are not always helpful. Learn why through dream identity theory and I AM dream charts that help you to quickly isolate what your dreams uniquely mean for you. This book provides 100 I AM Dream Charts, 50 Dream Experiment Charts, and a Dream Research Report Template with instructions for designing your own dream research project, recording data, writing a standard research report, and even publishing your research results. Dream is the fastest portal to the psychic world and the easiest way to begin having psychic experience. Check it out!
