

Literature during six years when I might have been living on the fat diet spread for the righteous in Professor Dowden's Life of Shelley, if I had been justly dealt with. During these six years I have been living a life of peaceful ignorance. I was not aware that Shelley's first wife was unfaithful to him, and that that was why he deserted her and wiped the stain from his sensitive honor by entering into soiled relations with Godwin's young daughter. This was all new to me when I heard it lately, and was told that the proofs of it were in this book, and that this book's verdict is accepted in the girls' colleges of America and its view taught in their literary classes. In each of these six years multitudes of young people in our country have arrived at the Shelley-reading age. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.
